SharkRack Fact Sheet- Integrity Line

The SharkRack Integrity line was formed as a branch off of our standard T2 cabinet line – it has many of the same feature sets but also offers a wide number of enhancements.

- 44 RMU of space- 84" overall height, 30" width and 48" depth.
- SharkFin perforation pattern allowing 72% passive airflow.
- EIA-310-D compliant and backed with SharkRack's TrueFit guarantee. Also RoHS compliant.
- Features (6) six zero-U spaces for easy mounting of gear.
- The Integrity cabinet features integrated cable management and is optimized for hot aisle/cold aisle containment.
- Compatible with a wide variety of Cisco networking gear, OEM blade servers, and other technology components.
